BFF's Mobile Art Gallery at Shakespeare on the Green

BFF, the non-profit that created Benson's first Friday, is spreading outside the confines of the home neighborhood via their mobile art gallery. The Mayflower Mobile Gallery or MaMO for short, is a 42' semi trailer turned mobile art gallery. With the ability to host artists, musicians, installations, and more, the MaMO supports BFF's mission to spread exposure, experience, and opportunity within our arts community.

After hosting a community mural installation at the Omaha Summer Arts Festival this last weekend, the MaMO will make it's debut at Shakespeare on the Green, next. During Shakespeare on the Green's main stage performance days, June 19 - 23, June 27 - 30, and July 2 - 7, the gallery will be open to the community from 6 - 8 p.m. Visitors will be welcomed inside the doors of the MaMO to take part in an interactive installation.
